

QUICK START GUIDE **ELITEDRIVE** SMART THROTTLE APP

STEP 1

OR

Download Here

Scan me

STEP 2

Turn On The Vehicle Ignition

STEP 3

The Throttle Controller Display Will Now Power Up

STEP 4

Open App And Select Binding Device

STEP 5

Link Phone To The Controller

STEP 6

Enable App Auto Connection

Once you have linked your phone for the first time by pressing the YES option OR holding down the YES the throttle pedal down 100 Percent for 5 seconds, this enables app for future connections to be automatic upon opening the Elitedrive Smart Throttle Controller App.
